

Punctuality – Be on time!

Please be on time to all of your classes

We want all of our students to learn as much English as possible while they are studying at LSI Portsmouth.

If one person is late, everyone in the class will lose important learning time and it is more difficult for your teacher to give you and the other students the best possible lesson.

Please remember that students pay money to study here and improve their English, so every minute of class time is valuable and important.

Being late is disrespectful to your teacher and your classmates.

Your teacher **may not let you join the lesson** if you are more than **5 minutes late**.

When this happens, you will have to re-join your class after the break.

Please note that the rules are different for Pre-Sessional students. Please refer to the Pre-sessional Students' Handbook for more information.
